

Product Highlights

can optimize customer applications for higher performance and cost-effectiveness.

SWEP is a market leader globally for CBE (Compact Brazed Heat Exchangers) product range and supplying CBEs to many customers world wide for AC , Refrigeration and Industrial application.

THE SUPREME INDUSTRIES LTD.

Hall No: 1
Booth No: G 27

New Products / Technology launch @ ACREX 2010: 'INSUreflecter' with 25mm bubble

diameter - a polyethylene air bubble film laminated with aluminum foil on one or both sides. The bright surface of the aluminium foil, which encases the FR polyethylene air bubble material, reflects 95% to 99% infra-red radiation received by the surface from the heated slated roof, thus being a low e-reflective insulation material.

Product Highlights: 'INSUshield' is a non fibrous, fire retardant ('Class O' in Fire Propagation and 'Class 1' in Surface Spread of Flame), closed cell, tri-dimensional chemically cross-linked polyethylene foam. An ideal, environment-friendly insulation material, a perfect solution for all your insulation needs for ducts, roofs, .pipes, vessels etc.

TORRANCE TECHNOLOGY & SERVICES PVT. LTD.

HALL NO: 1
BOOTH NO: E 35

Solar-cooling / solar-heating & steam-to-water calorifier system - ECOTHERM (AUSTRIA); Eurovent-approved AHU - EUROCLIMA (ITALY / AUSTRIA); Centrifugal sand filtration for cooling tower - LAKOS (USA); and Chilled water Pumps - TACO (USA).

Air-borne sand/grit through cooling-towers, chemicals, and precipitated solids cause fouling of condenser tubes. LAKOS (USA) patented Centrifugal filtration cleans water (98%) through 40 micron filter and saves energy, water maintenance efforts drastically.

UNIFAB AIRCON PVT. LTD.

Hall No: 1
Booth No: H 9

UNIFAB an ISO 9001:2000 Certified Company manufacturers of Double Skin AIR HANDLING SYSTEMS which are most versatile and quality product in HVAC. Now, UNIFAB develops double skin units suitable for multiple application like Shopping malls, Offices, Pharmaceuticals, Electronic, Food & Beverages & many more.

SUPERIOR FEATURES OF AIR HANDLING UNITS

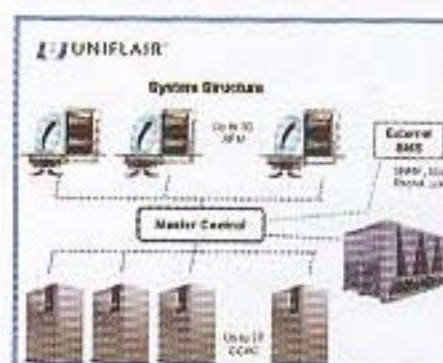

- 1) LOW NOISE FANS-
- 2) RELIABILITY AND LONGER LIFE
- 3) ENERGY EFFICIENT - COIL
- 4) HIGH INDOOR AIR QUALITY

- 5) LIMIT SWITCH BASE FRAME
- 6) BASE FRAME
- 7) DAMPER
- 8) HINGES AND HANDLE

UNIFLAIR INDIA PVT. LTD.

Hall No: 1
Booth No: B 85

Founded in 1988, Uniflair has become one of the world's leading players in the field of Precision Air-conditioning

solutions meant mainly for IT, ITES & Telecom applications.

In addition to Precision Air

conditioning, Uniflair offers:

Air-cooled & Water-cooled chillers for technological applications

Under Floor Air conditioning solutions for modern & flexible office environments

Raised Access Floor for office, date centers, servers rooms, control rooms etc.

UP TWIGA FIBERGLASS LTD.

Hall No: 1
Booth No: G 49

New Products / Technology launch @ ACREX 2010: Twiga Flexible Duct - strong, flexible, light weight, designed for fast & easy installation - is the most

economical solution to your air handling needs. Its inner core is made of double
