

Supreme Industries Limited

Environment Policy

The Supreme Industries Limited (Supreme) is conscious of its responsibility and commitment towards the needs of the society in which it operates and to preserve the environment by creating, maintaining and ensuring a safe and clean environment for sustainable development.

We are committed to deal proactively with Climate Changes issue by effective use of natural resources and energy; reducing and preventing pollution; promoting waste avoidance and recycling measures; and product stewardship.

We are committed to

- Identify, assess and manage environmental impact.
- Comply with all applicable laws, rules, regulations and other legal requirements and set objective-targets, develop, implement and maintain management standards and systems, and ensure compliance of relevant industry standards
- Facilitate and conduct operations with preventive approach and best industry practice to avoid adverse impact on the human health and the environment.
- Regularly monitor, review and report publicly, our environmental performance.
- Promote tree plantation, green surrounding and protection of biodiversity at our various locations to achieve harmony with nature.
- Enhance awareness, skill and competence of our employees and contractors so as to enable them to demonstrate their involvement, responsibility and accountability for sound environmental performance.
- Conserve natural resources by way of responsible and efficient use thereof in our operations.
- Communicate this policy to the stakeholders.

We will truly succeed when we sustain our environmental achievement and are valued by the society in which we work.
